

Workshop

HANDS-ON-WORKSHOP:

INDIVIDUAL CUSTOMIZATION AND STYLING OF WIGS

Following dates are available (Hamburg): 7th October, 14th October or 4th November 2024

In this workshop, you will gain knowledge primarily focused on human hair, including the differences and customization options of various hair fibers and caps, as well as the technical implementation of minor repair work.

Hair Knowledge & Caps:

- Characteristics and specifics of human hair, Platinum hair, and heat-resistant synthetic fibre (High-Heat)
- Remodelling of High-Heat wigs & memory effect
- Wig care & refurbishment (customer consultation)
- Fitting and adjustment of caps (darts, silicone, PU, clips) and common repairs (closure, silicone renewal, etc.)

Tailoring to Customer Needs

- Incorporating baby hair along the hairline
- Reducing or increasing volume
- Handling with beards

Colouring Techniques for Human Hair Wigs & Hairpieces

- Bleaching: incorporating light strands
- Colour refreshing
- Incorporating dark roots
- Neutralising yellow/red/green tones

Networking & Individual Questions

- We provide space and time in small groups for individual Q&A.
- Feel free to bring challenging cases, and we will discuss them together in the workshop.
- Benefit from practical tips and tricks for professional refurbishment directly using the wigs you bring.

The workshop includes:

- 4 hours of special knowledge and training (10.00 am to 3.00 pm) incl. catering
- Training wigs will be provided in the workshop
- Q&A session
- The number of participants is limited to 8

Costs on request
